

NOTICE TO ALL CUSTER WATER CONSUMERS WATER CONSERVATION MEASURES

Whereas the City of Custer City has determined that water conservation measures should be implemented to protect and preserve the access of the citizens of Custer City to such a valuable resource:

1. Restrictions on outside watering, including lawn, tree and garden irrigation, shall be implemented during the months of June, July, and August each year. Outside watering shall be allowed only between the hours of 6:00 p.m. and 9:00a.m., according to the following schedule: Outside watering shall be allowed during the above-designated hours at addresses bearing an even number on days of the month bearing an even numbered date and shall be allowed at addresses bearing an odd number on days of the month bearing an odd number. No outside watering shall be allowed on the 31st day of any month.
2. To determine watering days on addresses with fractions, suffixes or letters, such as ½ or A, the fraction, suffix or letter shall be disregarded.
3. Nothing herein shall prohibit manual watering with a hand held hose or with a bucket, sprinkling can or other similar container.
4. This prohibition against outside watering applies only to watering with water drawn from the City's water system.

For any questions concerning these new conservation measures please contact City Hall at 673-4824.
